Estill to Build Turnpikes.

Contract for the re-surfacing and building one and one half clerk on the morning west-bound stitute at Winchester, Feb. 28,- been buncoed recently. A slick miles of the Richmond pike was train will be taken off and the March 1st and 2nd, as previously stranger tramps over the country let by the Fiscal Court, in session ponch system used. This means announced, the same having been professing to be taking subscriphere the first of this week. Mills that no mail from the up country recalled by the Department of tions for the home paper. He and Howell, of Frankfort, were can be received here-and ALL Agriculture. This was made necessells it often at a reduction and the successful contractors, their ALONG THE LINE-until late essary owing to the influx of peo- gives the subscriber a receipt for bid of \$6,500 being the lowest of in the evening when the down ple pouring into Winchester on a year. When the subscriber fails half dozen received.

will have to be built. It will be a macadamized road and will be built under State supervision, this assuring first class work.

The money used to improve this pike came from three sources. About \$3,000 came from donations of citizens, a little more peet when the L. & E, was allowthan \$2,500 from the State, and the balance was furnished by the county .- Estill Tribnne.

From the above it will be seen that Estill county will get one and one-half miles of thrnpike for an outlay of but \$1,000, or only \$666,66 per mile. We are told after being importanted by citithe city of Richmond gave a subscription of \$1,000 or \$666.66 per mile to this road. Under the same plan Estill aims to improve all of its roads. The Fiscal Court has designated the Powell county road for improvement. Ten miles of this road can be used for the Clark county road. Winchester will put up as much per mile on the pike in Estill coming to their county line as did Richmond on Madison road, it is safe to say So it can be easily seen that Estill has ingeniously perfected a plan to build good macadam roads little more than what it should cost to build the best earth roads, the people who get direct benefit from the roads paying all over this to foot up the total cost.

Contrast this small cost to the county of Estill in building good turnpikes with the before unheard of high cost of dirt roads proposed to be built in this county. The total cost to Estill of \$666.66 per mile for inrapikes looks much better to us than the proposed total cost of fully \$2,500 per mile for dirt-mud-roads in

co-opeating with the people to get Tucsday when at the sale of John the best and greatest number of Gray what core he had brought miles of road possible for the \$6.25 a barrel. county's money to be spent. Pow-

MAUD BOWEN, capilidate for Superintendent of Schools of Powell county, subject to the action of the Democrats in the primary, Aug. 4, 1917.

We are authorized to announce GUY M. CROWE, candidate for Superintendent of Schools of Powell county, subject to the action of the Republicans in the primary, Aug. 4, 1917.

A friend of ours over in Estill county, who has acquired some wealth from oil resources, has written the Times Editor relative to acquiring some of the Powell telegrams from every section of the former judge didn't know county bonds that are supposed the country congratulating them to exist. Of course we can't en- for passing the immigration bill courage the purchase of the Pow- over the head of President Wilell county bonds to our friends son, who had twice vetoed it on when we do not think them val- account of its prohibiting forid, and now have now a suit in eigners from coming over here court to test their validity. We unless they could read and write have no objection to the bonds, either the English language or but as this is all the road money their own language. the county can hope to get in many future years, and as the "literacy" was not a test of charpowers that be have designed to acter, and it is not in many cases spend this money in the Improve- but it is a test of usefulness and have set aside their bonds to ment of dirt roads at a price ap- desirability, and those who came proximating a cost of about over here by the millions before \$2,500 per mile, and as these the war stopped them, have not same powers refuse to co-operate proven to be either desirable or with citizens who are anxious to useful citizens, and they will not substantially increase the amount till the soil but hover around of money we have so we could the bright lights of the big citles get some roads, we think it best and push banana carts or turn a to set uside the bonds at this hand-organ for a living. The time, and save the funds until larger States spend over 25 millan opportunity is had to build ion dollars each year on insane these same roads for about \$600; per mile, and we are confident it to care for these ignorant immican be done, and pick a time grants. Let some other country when we have officers who soo it not as their dumping ground for wise to join in with the people we have had enough of it. who are so anxious to put in money and get more roads. The people supported that bond issue tain County Judge had been pay. with a thorough and distinct ninderstanding, and when this un- juil roof, and same fellow got derstanding is ruthlessly cust the job each year, of course. The sside to the detriment of the voters took a notion and chang

some citizen take the matter in hand, and that is just what we have done, and we are determined to see that the only money the county can hope to have is properly invested.

That is just how good a good roads man we are. We believe fully ninety per cent of the taxpayers of the county are for annulling the bonds and starting anew, and at a more opportune time to build roads than the present seems to be. At least that is what our best and most determined efforts shall be, and is directed to do. Twenty-two hundred dollars per mile for construction work only, for dirtmud-roads sounds too high for common people.

Some of the boys seem to be striking it right in the Legislature. Representative Howard, of Woodford county, introduced a bill Monday which provides an annual license tax of 2 cents on each ton of coal mined, 2 cents a barrel on each barrel of crude oil pumped or produced, and 1 cent on each 10,000 cubic feet of natural gas produced. Representative Spurrier goee one better by introducing a bill providing an annual license tax of 5 cents on on each barrel of crude oil produced, a license tax of 5 cents on every ton of coal mined, a license tax of ten cents on every proof gallon of distilled spirits and a license tax of 10 cents on every quarter-barrel, 20 cents on every half-barrel, and 30 cents on every barrel, of malt liquor manufactured in the State.

If there were mny showing of getting such measures as these through the Legislature we would, in fact, be very jubilant; but Stanley certainly knew what he was shout before he called the Legislature together, and Stanley wants no such legislation as this, and it is therefore safe to say there will be no such a good tax law passed as these would be. We are indeed proud to see some of our Representatives willing to fight for their constituents Instead of the unfair capitalists of the State.

Senators und Representatives are receiving floods of letters and last judge didn't know graft;

President Wilson said that asylums and poor-houses in which

In an adjoining county a cering \$16 per year for painting the

ed judges one term. At the proper time the jail painter approached the new county judge and inquired if it were not time to point the jail roof. The new judge said yes, and asked the cost. The painter intelligently said \$16 The new judge said that was too much, but that he

good job as he had been doing, and that he would give no more. The jail painter thought strange that the judge would be so close with money that did not come out of his own pocket. The judge took a different view of it and the painter finally took the job at \$3.50 and made good mon-

would give him \$3.50 to do n

It paid that county one time, at least, to change judges. The anything else, it would seem

Had you noticed that there are no counties in the State that are now trying to vote road bonds? There's a reason. Counties that didn't vote bonds are going ahead with road building, notably two adjoining counties, Estill and lenefee, without an increas tax, while counties, or many of them, that voted bonds, are collecting tax only, while others keep graft scandals from their county seats, and to enable them to economically build roads sure enough,

As Gov. Stanley is going to force the tax law on the farmers of the State, it seems, they may well congratulate themselves on having the Farm Loan Bank system, which will enable them to mortgage their farms in time la pay next year's tax on their real estate. The Government provides and Stanley divides for the farmers.

The Creamery Business

The shipping of cream to the reameries and butter factories in the large cities has become so popular and profitable, and so much of it is now being shipped from the Bluegrass section, that some of the creameries are es tablishing branch stations for the purpose of buying, testing and shipping the cream to the cities. Mt. Sterling has just gotten one of these branch stations.

It is just in the last few months that some Powell county farmers have begun to ship their cream, and those who have done so have found it very prolitable and satisfactory. It is a great deal less trouble to separate the milk and put the cream away in a can until it is full, when it can be shipped to the market where it will bring one-third more than could be realized for the hutter in the the cream after being churned, worked out and sold.

And then it brings so much more. Butter fat in cream sold at Louisville last week for 43 cents per pound. As a matter for comparison, Asa fodd shipped Mrs. Jue Clark, who has been from this city a five gallon can of cream to Cincinnati last week and received for it \$7.57. Had this cream been churned at home and the butter sold here, Mr. Toda, it is safe to say, would have realized not much more than And then the market can never he glutted winter or summer. You can sell at all seasons of the year all the cream you have at far more on the iverage than you can get on the heal market for so the hutter. Thus we hope to see | . . more of our farmers shipping ...

Winter Brings Colds to Children,

Kentucky had buyers with a few from us far as Shelby county.

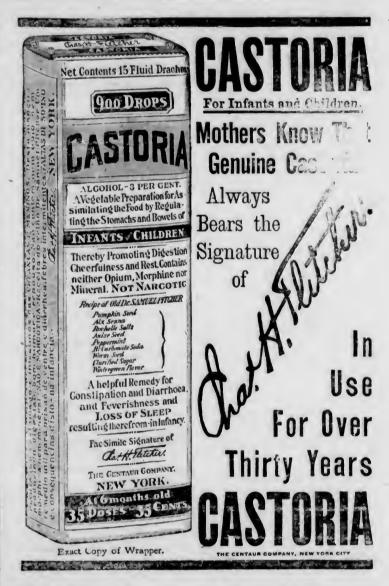

About 150 inules on the marmules. Small mules were slow. McClintack, of Paris, at \$460, \$160 to \$250; McClintock & Meyers of Millersburg, bought mules at males were sold but quite a numher of small mules were left

Can't You Teach One?

Kentucky has three years in which to remove her illiteracy if the slogan-"No illiteracy in Kentucky in 1920"-is realized. If other counties worked like Clay and Leslie and Cumberland, It originated in Kentucky and for instance, there would be no the erndication of illiteracy will illiteracy in the State in 1918. he to the lasting glory of Ken-In these three countres 1,967 per- tucky. But, better than this it sons learned to read and write in opens up to men and women the v10o0 adj Henry Skidmore 1999 Tax Collector of Clay City, Powell 1916. In a number of counties world of books. Have you taught county, Ky., for the years as set as many as one hundred were one yet in Kentucky's campaign ont after each taxpayer's name, I taught and in some fifty men and against illiteracy?

women learned to read and write. During this winter, many citiizens are teaching. Some editors kot. Trade was brisk for good are teaching and some doctors are teaching, some bankers, some Greenwade & Co. sold a pair of lawyers and judges, some women nice mare mules to Caywood & and even children are teaching one to read and write. A wo-This firm sold 14 mules at from man in Versuilles has taught seven in her home. A little girl in Winchester has taught four colfrom \$175 to \$ 250, All the good ared illiterates. The President of the Illiteracy Commission. Mrs. Stewart, while directing the State-wide campaign with its heavy duties, has taught one, herself, since November. The Federation of Women's Clubs plans to teach 1en thousand this winter and spring by each teaching one.

This is Kentucky's great work.

"I want to tell you what wonderful benefit I have received from the use of Thedford's Black-Draught," writes Mrs. Sylvania Woods, of Clifton Mills, Ky.

"It certainly has no equal for la grippe, bad colds, liver and stomach troubles. I firmly believe Black-Draught saved my little giri's life. When she had the measles, they went in on her, but one good dose of Thedford's Black-Draught made them break out, and she has had no more trouble. I shall never be without

in my home." For constipation, indigestion, headache, dizziness, malaria, chills and fever, biliousness, and all similar ailments, Thedford's Black-Draught has proved itself a safe. reliable, gentle and valuable remedy,

If you suffer from any of these complaints, try Black-Draught. It is a medicine of known merit. Seventy-five years of splendid success proves its value. Good for young and old. For sale everywhere. Price 25 cents,

Let's Have a Real One!

The Federal Trade Commission is about to start an investigation of the rise in food prices. It will ask the Presidnet approve an appurpose. It proposes to cover every side of the food situation.

Good! Let us hope at last we are going to have a real investigation. The country has confidence in the Federal Trade Commission. Now let's have the facts. Let's go to the bottomto the fundamentals-and really learn all that can be learned about the subject.

The problem is legal and economic. The question of wheth er there are combinations in restraint of trade must be decided. That has heretofore attracted the main attention. Now it's time to go more into the economic part-and go into it thoroughly. Are the people being compelled to pay too much for what they buy? Nobody can answer that until he can say with reasonable approximation what it costs to produce those things.

In some fields the trade commission wilt find plenty of data. The packers, for instance, can tell it exactly what it costs them to forn out their products. Government attention has encouraged accurate cost accounting in their case But these fields are limited. In the biggest fields of ail, the work will lave to be done from the ground up. There isn't a farmer in Illinois who knows what it costs him to put his product on the market to-day. There isn't one manufacturer in ten who has no accurate idea of what it costs bun to run his bus-

Let the trade commission start literally "from the ground up." Let it start with the tarmer and find what production of everything, from eggs to wheat and eattle, means noterms of money and labor expenditure. He does b't know, and bobody else knows. Then let it follow the product to consumption Many people assome high prices don't start un til they reach some large organization. From the economic stand point they are just as hable to start at the beginning as anywhere else. Prices cannot be permanently below the cost of production under any circum-

The country is in the mood for an investigation that will be long and deep and thorough. It is tired of these continued flurries about high prices that get nothing except possibly a politician into Congress or some other job, or into the newspapers. It has had its fill of half-baked remedies that spring from attention to only one half of the great problem. Let's have an investigation that will enble the country to see it steadily aml see it whole. It would be cheap at \$100,000 or \$1,000,000,-Chicago Herald.

If the Commission should do its duty-ns most of them fail to do--it would find that the farmer is now too poorly paid for his products, while the middleman gets the grab end of it. For example: The farmer sows his wheat cuts it, threashes it, and hanls it to market, where he usually gets about two cents a pound for it. The miller grinds it up with onetenth the time and labor the tarmer gives to growing the wheat. But the farmer, in buying his wheat back in flour and. feed finds that the cheapest feed put out will cost him 2 cents per pound, while the flour will cost him more than 5 cents per pound.

And thus it is with nearly every other article the farmer propropriation of \$100,000 for that distributing it. It is easy to see where the trouble is, but hard to

Cold Settled In His Back

"Feley Kidney Fills always give me prompt relief."—Ed Vetton, Regors, Nebr. Ed Velton, of Rogers, Nebr. writes: "I have used Foley Kidney Pills for backache, the result of catching cold which actited in my back. Foley Kidney Pills always give me prompt relief and I can cheerfully recommend them."

The reason Foley Kidney Pills act so satisfactorily is because they neutralize and dissolve the poisonous waste matter that remains in the blood because tho kidneys do not do their work properly in filtering and casting out from the system urlo acid and other poisons.

Relief usually follows in a few days and such symptoms as pain in the sides or back, stiff joints, sore muscles, cheumatism, too frequent action of the bladder at hight, and other painful and annoying allments disappear. Foley Kidney Pills contain no harmful logredients. They are safe as well as quick acting.

My felks down South keep telling me: "Be clean and sweet and pure." And I'll bet you I am just about the purest cigarette ever made!

Why, the SOVEREIGN factory is dusted every morning, just like a lady's parlor. That's the sort of home I have. And I've got to make good all the time-in the look of me, and the smoke of me.

The finest, whitest, cleanest home you ever saw. Only the purest, sweetest, richest Virginia and Carolina tobacco enters there. And when I come out, wrapped in the daintiest of white imported paper -don't you know I am proud to be a SOVEREIGN?

You Folks of the South KNOW good blood! You Folks of the South KNO W good to . . co!

Next to good breeding is good dress and good taste—and I have them all. That's my claim to your friendship. I can't say more, except-

> I am guaranteed by The American Cobace G - Buy me. If you don't like me return me to your dealer and get your money back. I have said it. A Southern gentleman is known the world over for keeping his word, and I have given you mine.

Local Brevities

Been thunder every month this

Pat Henry of Heidelberg is here for a short stay with friends.

Federal Oil Company is in town.

Mt. Sterling is planning to hold an automobile and style show some time in March.

Mrs. L. W. Searles and daughter, Miss Esther, visited friends

and is moving to it this week. He comes from the Levee country.

Prof. Neal A. Ranson and the Rev. G. W. Kerstetter, are at Ine and am not nervous a bit. I have tending the Laymans' Missionary Convention in session at Lexing lered as I did to get Tanlac right off."

Chester McDonald, son of Dr. G. S. McDonald of Hiedelberg, formerly of the Bowen section of this county, is a candidate for CLAY CITY at Eaton & Mc-County Clerk of Lee county.

Hardwick & Co., progressive Stanton merchants, have change in their advertisement this week. Read it and call on them when you want good goods and straight dealings.

The press of this portion of the State deeply sympathize with Bro. R. L. Bailey, of the Wolfe dron Quanty Tribune in the loss of his wife, who died at Campton, Feb. 14, of tuberculosis.

We are having some lovely sugar weather, occasionally. If we only had the sugar maples that we had several years ago, it would be easier to withstand the high price of sugar.

Roscoe Bowman bought a nice pair of mare mules at Mt. Sterting Monday, paying for them close on to \$400. R. L. Shimfessel also purchased a nice mule on the same market.

J. W. Mize, one of Vaughn's Mill's leading citizens, who has been down with the grip, has so r recovered as to be able to come to town Tuesday for the first time in two months.

Mr. Shaw, representing the circulation department of the Lexington Herald, is in the county rounding up The Herald's large list of subscribers. He seems to te doing a "land office business."

Today is Washington's birthday, a legal holiday, and will be observed in Clay City only by the bank and postoffice. These being under Government supervision always observe the national holidays.

Among the States south of the Ohio river, Kentucky leads in the production of dairy and beef cattle, horses, poultry sheep and wool. It also leads in corn, wheat and sobacco. And it stands second in hay and potatoes.

Watch old flues and stove pipes for March winds are coming.

A nice four-horse team of the Greenup Man, Once All Run Down, Gets New Energy.

THANKS TANLAC FOR CHANGE

at Winchester Saturday.

Robert Abney of Carmichael

Mountain, was in town on business one day this week.

Plummer Kincaid of Lincoln county was visiting relatives here a few days this week,

"I used to swell up like a frog after eating," said James Wayson, wharfmaster at Greenup, Ky., "but that was before I started taking Tanlac. That bloated feeling took all the life out of me and made me tired and droopy. I didn't seem to have a bit of ambitten. But it's different with me new. I sure feel fine.

"Before I took Tanlac I was eating practically nething—just a little sound practically nething—just a

Miss Lona Chaney, of Stanton, spent several days this week with her cousin, Miss Hallie Rogers.

"Before I took Taniac I was eating practically nething—just a little soup and milk now and then—my stomach wouldn't stand anything stronger. After eating—no matter what or how little—I belehed and bloated. I was

W. H. Swango was down from Stanton Tuesday and was enrolled among our long list of subscribers at the county seat.

Allan White has bought Tom Ballard's place in Mechanicsville and is morning to it this work. He issued and bloated. I was nervous and dizzy all the time.

"I dreaded for night to come. I couldn't sleep. I tossed about all aight and woke up in the morning all tired out. I could barely stand on my feet during the day. I got distouraged. I didn't know what to do.

"A friend told me to try Tanlac. I sesitated at first, because I had tried many things and taken many time. many things and taken many tips from friends. But I got Tanlac on this friend's advice and I thank God

> a big appetite. So, you see, it's no wonder that I urge others who suf-If you are not feeling right get l'anlac today. Delay in health maters is dangerous.

That's Right

Farmers all over our State are holding mass meetings and condemning the new tax laws' while the people in the smaller citles are also opposed to them. It is pretty hard to "slip one over" on the public, but if the big papers had been depended upon by the common people the said common people would probably have been "in bad." It was the great number of so-called "country papers" that took the matter up .- Winchester Democrat.

Coughing at Night

is a hardship for elderly people as well as childen. Foley's Honey and Tar stops it. Also prevents croup. Sold everywhere.

They Want Mac To Run.

J. W. McIntosh, of the lower end of county, was here a short time yesterday. The good people of his portion of the county are very anxious that Mr. McIntosh make the race for Magistrate from the Virden - Hardwick's Creek district. Bill would make a good officer, and should he be induced to run he would be a very hard man to beat.

Profitable Drilling

Over in the Station Camp disrict last week, a well was drilled in less than 24 hours that is claimed to produce 500 barrels of oil daily. One hours' pumping, it is claimed, will cover all cost of the well. And then it nearly kills an operator to pay more than one-eighth of the production of the lease.

Have been built and actually delivered to retail buyers since August 1, 1916.

These figures—320,817—represent the actual number of cars manufactured by us since August 1, 1916 and delivered by our agents to retail buyers.

This unusual fall and winter demand for Ford cars makes it necessary for us to confine the distribution of cars only to those agents who have orders for immediate delivery to retail customers, rather than to permit any agent to stock cars in anticipation of later spring sales.

We are issuing this notice to intending buyers that they may protect themselves against delay or disappointment in securing Ford cars. If, therefore, you are planning to purchase a Ford car, we advise you to place your order and take delivery now.

Immediate orders will have prompt attention.

Deley in buying at this time may cause you to wait several months.

Enter your order today for immediate delivery with our authorized Ford agent listed below and don't be disappointed later on.
